

ABOUT SFIT

St. Francis Institute of Technology was established in 1999 with a view to create an engineering institute to fulfill the long-felt need for an Institute of Excellence in Borivali. SFIT is a Roman Catholic Minority Educational Institute permanently affiliated to the University of Mumbai, approved by AICTE, ISO 9001: 2008 certified and two UG programs are NBA accredited till June 2022. At SFIT, we offer five UG Programs and two PG Programs in the most coveted disciplines considering both industrial need and public preference. These courses would lead to an award of the Degree of Bachelor of Engineering (B.E.) in Computer Engineering, Electronics & Telecommunication Engineering, Information Technology, Electrical Engineering, and Mechanical Engineering and Master of Engineering (M.E.) as well as Ph.D. (Technology) in Computer Engineering and Electronics & Telecommunication Engineering.

ABOUT THE DEPARTMENT OF INFT

Department of INFT was established in 1999 and currently offers a Bachelor's degree in INFT (Intake: 120). The department consists of highly experienced faculty members well supported by a competent nonteaching support team. The department strives to create a conducive environment for transforming the enrolled potential fresher into competent Information Technology professionals or entrepreneurs with integrity and ethical values. ABOUT THE COLLOQUIUM

Since we live in the “information age,” information technology has become a part of our everyday lives, which has a great impact on our society. Information technology can be a very powerful tool that needs to be harnessed efficiently and effectively to provide resources and services to those who need them and can be used as a mechanism to solve the growing social problems.

Department of Information Technology in SFIT, every year organizes a two-day colloquium on “I.T. for Society”. This academic year it will be held on **8th & 9th of April 2022** and will be a state-level event. The objective of the colloquium is to provide exposure to the attendees with applications of I.T. in various domains of society like entertainment, transportation, healthcare, security etc. However, this year's colloquium theme is focused on the application of **I.T. in Pandemic**. At the colloquium, the participants will get an opportunity to showcase their own ideas and learn from interactions with experts and fellow participants. Along with this, every attendee will get a certificate of participation and a chance to win prizes.
