# Mosaic 2018 – Technical Festival

MOSAIC is the technical fest of SFIT. MOSAIC '18 was held on **September 2018**. The event was a huge success in terms of the number of participants and variety of events planned by the students and supervised by the respective staff.

Mr. Vernon Mathias, Alumni, working for Velvin Group was invited as a chief guest on MOSAIC '18 inauguration. Events were organized by technical committees and individuals, which included IETE, ISTE, IEEE, CSI, ITSA, ROBOCON, NSS and Code-X. Total 15 + 4 events were organized by the team of volunteers. In this year, 15 events were organized by technical committees, and 4 were organized by individuals.13 events were self-sponsored. A Technical dance was performed to inaugurate and declare MOSAIC 18 open. A heavy graphic was created by the students for background which was very well appreciated by everyone.
